

I am a kids' baseball coach, a Packers, Bucks and Brewers fan, a member of the Milwaukee Jewish Federation's board of directors, and an advocate for the LGBT community. My transgender sister, Lauren Arnold, recently tragically passed away the day before Milwaukee's Pridefest. The Jewish Federation sponsored a booth which gave me the unbelievable opportunity to volunteer there. I had the great fortune to meet some incredible Jewish gay and transgender people who were so proud to be welcomed in by the Jewish community. The Milwaukee Jewish Federation is doing an incredible job to help make Milwaukee a more inclusive place for everyone to be Jewish.
